**Work Session**

**April 26, 2022  
10:00 A.M.**

The Board of County Road Commissioners met on this day for a work session.

### **ROLL CALL**

Present:        Collins, Kennedy, DeWolf, Walter and Buckner

Staff:            Kenneth Hulka, Managing Director and Paul R. Bouman, County Highway Engineer.

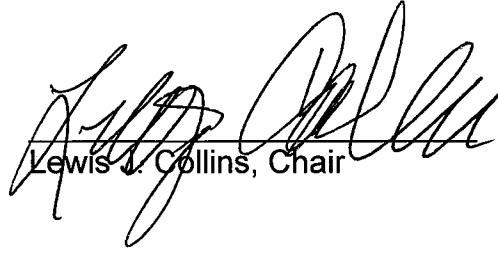

Chairman Collins called the meeting to order at 10:00 a.m.

The Board of County Road Commissioners met on, Tuesday, April 26, 2022 for a work session. All Commissioners were present and the meeting began at 10:00 am.

The Commissioners discussed the current protocols being used by staff for handling requests from the County Drain Commissioner for use of road right of way for County drains. It was noted that there is not a current Board policy and they discussed the potential issues involved in these type of requests. General consensus was that staff should formulate a policy with assistance from counsel for their review and discussion at a future board meeting.

The commissioners also discussed the concept of a no cut policy on newer asphalt roads and asked the staff explore what other agencies are doing and whether a policy was in order for this also.

The work session adjourned at 11:12 a.m.

Lewis J. Collins, Chair
